This combined meeting is aimed at bringing together clinicians, researchers, students and lay older people from any professional background with an interest in Older People to explore mutual areas of potential collaborative working / research as well as learn from invited speakers and each other. There will be several opportunities for networking.

Registration and attendance is free to all delegates. There are a maximum of 120 places and all delegates are encouraged to register via the online BGS portal to ensure adequate catering as well as receiving an electronic certificate of attendance

The British Geriatrics Society acknowledges with grateful thanks, the support given through sponsorship from:

A.Menarini Farmaceutica Internazionale SRL, Abbott Nutrition, Clinical Research Network Northwest Coast, Pfizer, MSD, Daiichi-Sankyo, Kyowa Kirin, and Novartis

Thank you to our sponsors for making it possible to offer delegates free registration and attendance.

Biography of Speakers

Dr Vinod Gowda (FRCP) is a consultant geriatrician at St Helens & Knowsley Teaching NHS Trust Hospitals and has interests in intermediate and stroke medicine care. He is involved in the medical education of both undergraduate and postgraduate health care professionals. He has also been the Chair of the Mersey BGS since 2016

Mrs Jacqueline Pirmohamed (BSc MBA) is the chief operating officer of the National Institute for Health Research Clinical Research Network Northwest Coast based in Liverpool Science Park in the University of Liverpool. She is responsible for coordinating and managing all the staff including the activities of 30 specialty research groups with an annual budget of about £15 million. She has over 30 years experience of working in the NHS and advocates for integration of clinical research across the health service to ensure evidenced based delivery of care.

Professor Enitan Carrol (MBChB, MRCP, FRCPC, MD, DTMH, PG Cert. Dip.Med.Sci, FHEA) has a Chair in Paediatric Infection, and is a Honorary Consultant in Paediatric Infectious Diseases and Immunology at Alder Hey Children's NHS Foundation Trust. She is the clinical Lead for Education and workforce in the NIHR CRN Northwest Coast and has set up the research scholars program to support early career researchers from any professional background in healthcare

Dr Adam Gordon (PhD MB ChB MMedSci(Clin Ed) FRCP FRCPEdin) is a Clinical Associate Professor in Medicine for Older People at the University of Nottingham and a Honorary consultant geriatrician in Derby Teaching Hospitals NHS Trust who trained in Edinburgh, Dundee and Sydney before settling in Nottingham. He has, since 2008, been a clinical academic with interests in the implementation of evidence-based models of care to deliver improved health outcomes for older people with frailty. He is particularly interested in how the care needs of the care home population can be met and has played a leading role in studies looking at models of healthcare to the care home sector and also in randomized controlled trials evaluating interventions, proven to be of benefit in other healthcare sectors, for the care home population.

Dr Khalid Ali (MBBS FRCP MD) is a senior lecturer in Geriatrics and stroke medicine in Brighton and Sussex Medical School, and ageing research lead in Kent, Surrey and Sussex Clinical Research Network (KSS-CRN). He is the 'scientific abstracts editor' in Age and Ageing Journal, and the academic secretary for the Cardiovascular Section of the British Geriatrics Society (CVS-BGS).

His research areas include medication-related harm in older people, and novel rehabilitation models in stroke survivors. He has strong interest in the role of humanities in caring for older people, and works as the 'film and media editor in Medical Humanities Journal. He published his first book 'The cinema clinic: Reflections on film and medicine' in 2018.
