Speaker biographies

Dr Jenny Child

Dr Child is a Consultant Microbiologist and Director of Infection Prevention and Control (DIPC) at Harrogate and District NHS Foundation Trust. Over the last nineteen years, she has accrued wide experience of Infection Prevention and Control in acute hospitals of varying size and complexity, as both the Infection Control Doctor and DIPC. She has also been Editor in Chief of the Journal of Hospital Infection (the Green Journal) from 2011-2015.

Learning Outcomes

In praise of diversity- the importance the microbiome in sickness and in health

- An outline of what the microbiome is, and what affects it.
- The role of the microbiome in health and disease

Dr Sam Harrison

ST7 Obstetrics & Gynaecology, Bradford Teaching Hospital

Learning Outcomes

Urogynaecology update

- Recap of continence physiology
- Problems and treatment options for older patients in Urogynaecology
- Changes to 2019 NICE guideline relative to geriatrics
- How we can work together to improve care in this population

Dr Daniel Kehlenbeck
