

# POPS (Perioperative Care of Older People Undergoing Surgery) Meeting 2024

## Five top tips for getting the most out of your meeting:

### 1. Record your attendance

**Online:** Attendance should be recorded by clicking “Sign in for CPD today” on the event platform each day you attend.

**In person:** Attendance should be recorded by scanning in at the registration desk using the QR code on your joining email or providing your name.

You will receive a CPD certificate for the days you have joined ‘live’ online only. Viewing the content post-event won’t be certified, but certificates are not required to claim CPD via the RCP diary.

### 2. Give feedback

Please take the time to fill out the feedback form after each session. It is mandatory for CPD but also helps us improve our conference and provides invaluable information to our speakers about their presentation.

### 3. Visit our sponsors

Please review the symposia and spotlight sessions in this programme and consider watching. Challenge yourself to spend 5 minutes during the conference to speak to a sponsor.

### 4. Join the discussion

All delegates are encouraged to ask questions for the speakers and panel discussions. If you are thinking it, someone else is too, so please use the ‘Ask’ function on the online platform or the microphone in the room. If you’re tweeting, tag us at [@GeriSoc](#) and use the hashtag [#BGSCconf](#).

### 5. Get social

Chat with attendees, join a socialising event or interact in a group discussion.
